Dear Parent/Carer(s),

NSPCC Parent Workshop – Wednesday 19th April 2017

O2 and the NSPCC have joined forces on a mission to help all children and their families in the UK to stay safe online. Together, they are offering useful tools, support and guidance to help parents and carers have conversations with their children about their online lives.

To help parents and carers understand the internet and technology as children do, the NSPCC will be running a free **online safety workshop for parents and carers** at St. Michael's on Wednesday 19th April at 9.10am. We would like to invite all parents and carers to join.

The hour-long workshop will help parents and carers understand their child's online world and build confidence to have those important conversations which can help keep children safe online. The workshop will cover important subjects including cyber bullying, online gaming and privacy settings/controls.

If you wish to attend, please complete and return the tear off slip at the bottom of this letter **by Friday 31st March**.

Until then, if you need any support or guidance, please contact the **NSPCC Online Safety Helpline** on **0808 800 5002**.

Many thanks,

Mr P Fox
